The Interesting Feature Of  
The Fair Wednesday

The Pace Event Proved To  
Be Most Exciting

And Several Heats Were Re-  
quired In The Trot

Additional Exhibits Brought  
In On Wednesday

The Attendance At The Fair  
Is Quite Large

Wednesday, the second day of the Knox county fair was far better in all respects than Tuesday, the opening day. Everything having been placed in readiness for every kind of amusement and pastimes, there was nothing lacking to make it a big day. The weather was grand from morning until night, neither too hot nor too cold. Early Wednesday morning a stream of vehicles poured into the park, the rigs being loaded with expectant fairgoers from the rural districts. These people were not disappointed in any way as everything which interests the farmer is to be seen in abundance at the fair.

The exhibition and displays spoken of on the first or opening day, seemed to have grown with wonderful speed until almost every inch of space available is occupied by farm products, farm implements, manufactured goods and everything which goes to make up a first class county fair. The amusement places were running in full blast, the merry-go-round and the "wave," being the principal pleasures for the children.

Although it is practically impossible to state the actual number of people present during Wednesday, it is safe to say that two thousand were in attendance in the afternoon. Nothing of a disorderly nature occurred during the day, there being no fights or unpleasant scenes and every one seemed to move in accord with the other and good fellowship reigned during the day.

Beyond a doubt, the most interesting and pleasing event during the day was the horse racing. The track was just a trifle heavy owing to the recent heavy rains, but the work which had been done on the track placed it in a better condition and some fast heats were made in both races. The 2:14 pace was the fast race of the afternoon and a great amount of interest was shown throughout every heat.

The second race was longer drawn out as the heats were split and it was necessary to go five heats in order to decide the winner.

The score and summary of the two races was as follows:

2:14 Pace	
Frank Ananias, b. g., (Steffee)	1 1
Dan B., b. s., (Sanders)	2 2
Bell Clutter, roan m., (Craig)	3 4

## CLOSE GUESSEER

During the state fair last week the National Corn association conducted a guessing contest as to the number of grains of corn in a jar. Mr. F. M. Lyon of Fredericktown was the third closest guesser, coming within eight of the correct number, which was 4708. The prize awarded Mr. Lyon was five admission tickets to the National Corn show which will be held at Columbus from January 30 to February 11.

## ESTATE

Left To His Sweetheart Who  
Lives In Danville

(Columbus Journal)  
His sweetheart in Danville, Knox County, will inherit all of the estate of Frank Clements Unverzagt who was killed last month in an accident on the Isle of Pines. His will was probated yesterday. The young woman to whom Unverzagt was betrothed is Miss Clara A. Trogus.

Attorney Joseph M. Howard is making an investigation as to the value of the estate. Unverzagt had \$700 in money, it is said, and a tract of land on the island. He had no property in this country. His relatives live here. The will was drawn before he started for the South. Miss Trogus used to live in Columbus, where she still has relatives.

## DR. FESS

To Speak At Sunday School  
Convention

To Be Held In This City  
Next Week

The program of the Knox county Sunday school convention has been further strengthened by securing President S. D. Fess of Antioch College, Yellow Springs, Ohio, who will give a glimpse of the possibilities of the Sunday school in the matter of training for the responsible places in life.

This makes five competent specialists who will take the workers of Knox county into the best things that have proved practical in Sunday school work.

The entire program is intensely practical and suggestive, covering a wide range of vital phases of activity; the matter of grading, of holding the lives of the intermediate pupils, of fundamental principles in the study and teaching of the Bible, of helpful opening and closing exercises of the school, of social life, besides a presentation of the history of the whole Sunday school movement, and a peerless illustrated lecture on organized work.

The round table conference permits general discussion of local needs, and the various demonstrations will teach the eye as well as the ear the better way of doing the work.

The schools of the city will welcome delegates and visitors from every part of the county, and will entertain them while at the convention.

Don't miss a session from Friday evening, Sept. 23rd, to Sunday afternoon, Sept. 25th. All sessions will be held in the Methodist Protestant church, Mt. Vernon.

The flesh was badly bruised and lacerated. Dr. C. K. Conard was called to render surgical attention.

Transact Business

A New Franchise Wanted By  
Galion Southern

But The Ordinance Was Laid  
On The Table

Auditor Dorgan Instructed  
About The Vouchers

The city council was called to order by President Edward Dever at seven-thirty o'clock Wednesday evening after a two days' recess with all members present except Mr. Dowds. On Monday evening, the council was recessed for the reason that three of the councilmen were absent and that the business on hand required a larger attendance.

The first matter taken up Wednesday evening was the ordinance to authorize the service director to enter into a contract for the repairing or re-paving East High street from the public square to the east line of Gay street. On motion, this ordinance was read for the second and third time by its title. The ordinance was passed by a unanimous vote.

City Auditor Dorgan asked to be instructed as to law to issue vouchers for funds collected in for the prosecution of violators of the local option laws. Mr. Jones moved, in connection with this matter, that the auditor be instructed to receive vouchers for this purpose which are signed by the mayor. The motion carried.

An ordinance was introduced to transfer \$25 from one department of the public safety fund to another. On motion, the rules were suspended and the ordinance was read for the second and third time by its title. The ordinance was declared duly passed.

An ordinance was introduced to grant a rightaway or franchise to the Gallion & Southern Ry. Co. to erect and maintain poles and wires through the streets and alleys of the city of Mt. Vernon. The ordinance provides for a franchise of twenty-five years from the date of passage, should it be passed.

Mr. Dubinsky moved that the ordinance be laid on the table until some future date. The motion prevailed. Adjourned.

## FLASH

In The Pan Was Republican  
Senatorial Convention

The Republican senatorial convention, this city, Wednesday afternoon, was a "flash in the pan."

Exactly ten Knox county Republicans put in an appearance. There was no one present from the other three counties of the district—Holmes, Wayne and Morrow. Those from Knox county who attended the "function" were Walter Ball, S. H. Peterman, Leander Caywood, W. A. Hosack, J. L. Leonard, Tate Cromley, Judson Vincent, P. L. Wilkins, L. A. Stream and W. W. Borden. The last named is the Fredericktown gentleman who has been entertaining an aspiration to become the candidate for state senator.

On motion of Mr. Peterman, Mr. Hosack was made chairman; and on motion of Mr. Vincent, Mr. Peterman was made secretary.

After some reflection, it was the general opinion that an attempt should not be made to make a nomination, as a quorum of the delegates was not present, which would make a nomination illegal under the recent ruling of the secretary of state, based on an opinion by the attorney-general. A motion was made by Mr. Stream that the "convention" recess until Saturday, Oct. 1, at 1:30 p. m. at the court house, the motion carried and the delegates left to reflect on the election in Maine.

## SOLOMON

Walhonding

The depositors of the defunct Walhonding bank, which failed June 11, 1910, will be paid in full. They may have to wait six months yet for their money, but A. J. Solomon, one of the bank's promoters agrees to pay the accounts in full by that time.

This announcement is made, following the sanctioning Wednesday by Judge Nicholas of an agreement between the receivers Jos. L. McDowell and Warner Hay and Solomon, backed by his guarantors, H. A. Taylor and J. N. Braddock—Coshocton Times.

## SCARCE

Are Grapes And Prices Are  
High

Wine makers from the Sandusky district are visiting the eastern grape district and are offering \$50 a ton for grapes. This is nearly double the former prices as last year \$25 and \$30 per ton were offered. The late frost and the drought played havoc with the grape crop in many districts. Unlike other growing things, grapes are not affected by lack of rain to any great extent and in a dry season, though the output may be short, the quality is almost always above the average. Growers place the crop in most sections at from 40 to 50 per cent of normal.

Neither time, labor nor expense is being spared on the show this season and it will come as nearly being professional as good singing, good jokes and good costumes and scenery can make it.

## CONQUEROR

When it does not get them it makes known its dislike with a choice variety of slang and cuss words. Miss Polly is being cared for by the Humane Society.
